

# Cordell® Commercial/Industrial Building Cost Guide

## Your quickest way to estimate building costs

A comprehensive library of supply and fix costs for the building industry. Over 8,000 rates covering 46 separate trade categories that help you estimate any type of commercial or industrial building work, quickly and accurately.

## Separate labour, material and plant costs

Each costing is broken up into its various labour, material and plant hire costs, which means you can now see how each rate has been calculated. This gives you total confidence in the information and allows you to manipulate each unit rate to suit your own individual situation.
